#### **Austria:**

Omicron, Austria

### **About the Program:**

Pothigai Power is motivated to provide clear understanding through the effective Transfer of Knowledge and has designed its courses to achieve this objective. We at Pothigai Power aim to cultivate the Industry - Ready Team. We not only work to make the essence of learning in Engineering curriculum, but to share the experience in more simpler form in order to get ready for Tomorrow. Pothigai Power has always has mission to share its knowledge of Technology, Best Practices and Industry Experience through Quality Training. Currently the Pothigai Power provides one of the most comprehensive series of courses for the Students.

"Expertise Engineers" is a Power system Protection -Specific 20 day-high intensity training Program for cultivating Electrical Engineers Industry Ready. It will be useful to engineers with design, application, engineering, operation, planning, commissioning and Sales as their immediate future job responsibilities which will be the predominant assignment in terms of Job market.

**Eligibility:**

- i) B.E / B.Tech (E.E.E) graduates with a minimum of 60% of marks or 6.5 CGPA
- ii) B.E / B.Tech (E.E.E) final year students ; No Constraints about the arrears but the student has to successfully complete the degree with 60% of marks or 6.5 CGPA before Dec.2016.
